*Global Uncertainty*

**UF** IFAS CALS  
UNIVERSITY OF FLORIDA

THE CHALLENGE  
2050 PROGRAM

# **ALS 2410: GLOBAL UNCERTAINTY**

This course explores questions in human well-being and sustainability, building a leadership foundation for addressing global challenges.

Students will have the opportunity to...

1. Hear from numerous experts addressing global challenges
2. Explore systems thinking within local, regional, and global contexts
3. Consider interdisciplinary perspectives on global challenges
4. Recognize and act upon leadership opportunities as a global citizen

**\*This course is a prerequisite for the Challenge 2050 Program: Global Leadership and Change Certificate**
