

GLOBAL LEADERSHIP & CHANGE CERTIFICATE

The Challenge 2050 Program: Global Leadership & Change Certificate

Equips students to lead systemic change in addressing the complex challenges of our global society.

To complete the certificate, follow the course pathway:

Note: Courses do not have to be taken in continuous semesters, but can be spread out during your time at UF.

"The Challenge 2050 courses are nothing like other courses I have taken at UF. They are **engaging and innovative** and call on a different type of thinking. The courses, especially ALS 3940 are **immersive** and have given me **countless experiences and tools** to help me navigate the changing world and society."

-Molly Kennedy

Challenge 2050 Certificate student
