**UNIVERSITY GRADING POLICIES**

For information about UF grades and grading policies, please visit https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

**LATE ASSIGNMENT POLICY**

A 10-percent per day deduction will be assessed for assignments turned in late. Work more than a week late will not be accepted. This policy will be strictly enforced.

**ATTENDANCE**

Given the importance of class discussion and participation in laboratory demonstrations and exercises, it is not possible for a student to perform satisfactorily in the course without regular attendance. Students are required to attend class and to be in class on time. Only documented doctor’s excuses or UF-approved activities will be excused. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

**FOOD AND DRINK**

Food and drink are ABSOLUTELY NOT permitted in the computer lab.

**LINKED-IN LEARNING TUTORIALS**

The University of Florida has an agreement with Linked-In Learning (formerly Lynda.com) to provide FREE online tutorials to students and faculty on many software programs. If you feel inexperienced with any program, after being introduced to it in an AEC course, it is highly recommended that you take it upon yourself to go through some of the Linked-In Learning tutorials available through UF e-Learning: https://elearning.ufl.edu/.

**EXPECTATIONS FOR WRITING**

In all courses in the Department of Agricultural Education and Communication’s Communication and Leadership Development (CLD) specialization, the following writing standards are expected to be followed, unless otherwise specified for a particular writing assignment. Not following these writing standards will result in substantially lower grades on writing assignments.

- Proper grammar and punctuation are mandatory.
- Proper sentence structure is required. This means…
  - not using “tweet-talk” in your assignments,
  - making sure that your sentences have a subject, verb, and (when needed) an object,
  - not having sentence fragments,
  - and anything else that would pertain to “proper sentence structure.”
• No use of first person (I, me, my, mine, our) unless denoted within the assignment rubric.
• No use of contractions.
• Good thoughts/content throughout the writing assignment.
• For assignments that require citations, use American Psychological Association style. Proper APA citation and reference document is expected.
• For assignments that are more reporter-style articles (news stories, news releases, public relations writing), you are expected to follow Associated Press Style.

EXPECTATIONS FOR DESIGN

In all courses in the Department of Agricultural Education and Communication’s Communication and Leadership Development (CLD) specialization, the following design standards are expected to be followed, unless otherwise specified for a particular writing assignment. Not following these design standards will result in substantially lower grades on design-related assignments.

• Proper grammar, punctuation, and sentence structure are mandatory. Although these are design assignments, writing has to be perfect so as not to detract from the design.
• For assignments that feature more reporter-style articles (news stories, news releases, public relations writing), you are expected to follow Associated Press Style.
• Use the proper photographic settings for the assignment. Pixilated photos will result in lower grades.
• Students should not use copyrighted materials for design assignments. For example you may not “borrow” a graphic or design. Commercial artwork that is purchased may be used for assignments. Similarly, you may use ideas for a graphic/design assignment, but the use of the actual graphic/design is not acceptable.
• The following minimal design skills are expected to be demonstrated on all design assignments. The ability to resize an image, create documents in multiple columns, insert a graphic on a page, insert text with a graphic, alter the color of text and/or graphics. Additionally, the student should have moderate ability with the following software in order to complete design assignments:
  o Microsoft PowerPoint
  o Microsoft Word
  o Adobe Photoshop (photographs)
  o Adobe Illustrator (graphics)
  o Adobe InDesign (print layout)
  o WordPress (Web)
  o Final Cut Pro X or Adobe Premiere (video)

ACADEMIC HONESTY

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of
disciplinary action. For more information regarding the Student Honor Code, please see: https://sccr.dso.ufl.edu/process/student-conduct-code/.

SOFTWARE USE

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Students with disabilities should follow this procedure as early as possible in the semester.

MATERIALS AND SUPPLIES FEE

A materials and supplies fee is collected for this course to pay for costs associated with assignments in this course.

IN-CLASS RECORDING
Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor. A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.
